

Creative Secondary School
Plan on Use of Capacity Enhancement Grant (CEG) 2010-2011

Number of operating classes: 24

Budget available: \$248,724

Introduction

The school has begun its fifth year of operation, enrolling 24 classes of Secondary 1, 2, 3, 4 and 5 students.

The school decided not to enroll students into other years so that its strategic plan to implement the new secondary school curriculum is not complicated by the need to set up transitional arrangements to deliver the HKCEE and HK A levels just for a few years.

This means that the school's teaching staff will not be involved in Territory-wide System Assessment (TSA) and School-based Assessment (SBA) of senior form students under the old curriculum. Nevertheless, the workload of teachers continues to be particularly intensive for the following reasons:

1. The school's student population and staffing has grown with an extra Form, and time and effort is required to ensure that policies, programmes and processes established last year continue to be understood, further developed where necessary and implemented consistently for the benefit of all students.
2. The staff is required to deliver the curriculum to current students while at the same time planning next year's curriculum, as there is no existing curriculum in place for the higher years.
3. Many subjects of the school curriculum will require the support of teaching assistants or additional teachers to ensure that the school's differentiation policy is effective and students with different learning needs are well supported. This includes Visual Arts, Music, Languages, and Technology subjects.

Proposed Use of CEG 2010-11

Given the background context of the school as outlined above, and the amount of grant

available this year, the school will use the CEG grants together in order to provide funding to employ one Teaching Assistant, for Visual Arts/Graphic Design, one additional teacher for Language - Chinese/Putonghua, to teach students with different primary school or home language backgrounds, one Teaching Assistant for English, and One Teaching Assistant for PE/Co-curricular Activities. (Other subject support staff required will be funded by the school's own budget)
