

Middle School Generalist (Grade 6 class teacher)

We require a middle school specialist to act as class tutor and to teach English & Humanities to a class of 20 Grade 6 students. A third subject that can be offered would be most welcome.

The class of around 20 students consists of 11 year olds who have mostly completed their international primary education (typically IB PYP) and require a transitional year before they join other 12 year old students enrolling in CSS as new Grade 7 (Form 1) students.

The school-devised curriculum is based on the IB MYP framework. Apart from English and Humanities, students also study mathematics, science, technology, Arts, physical education and Chinese.

Economics

We wish to invite an experienced teacher of Economics to join our vibrant Individuals & Societies Faculty, to teach our very popular Economics courses in the senior school (Hong Kong Diploma as well as IB Diploma). The position of Head of Subject is available to a suitably qualified applicant. The ability to offer other subjects, particularly Business & Management, BAFS and Theory of Knowledge would be most welcome.

Geography/MYP I&S

We wish to invite a 3rd Geography specialist who has substantial experience of IBMYP to join our vibrant Individuals & Societies Faculty. The position will involve sharing the teaching of Geography courses in the Upper School (IBDP and Hong Kong Diploma), as well as teaching our own junior secondary I & S course in our 3 year MYP scheme. The ability to offer other subjects, particularly Environmental Systems & Societies, Theory of Knowledge and Liberal Studies (HKDSE) would be most welcome.

ICT

We are looking to appoint an inspiring and knowledgeable teacher of MYP and upper school diploma ICT. The ability to teach a range of computer programming, including robotics would be highly desirable.

Design Technology

We are looking to appoint an inspiring and knowledgeable teacher of MYP and upper school diploma Design Technology. The ability to teach either MYP Design, or another similar curriculum, as well as the skills and knowledge, or potential to teach the IB Diploma or the Hong Kong Diploma would be highly desirable.
